

# 76502B - NORCO 2 Ton Capacity Bottle Jack

**Brand:** Norco  
**Product Code:** NOR-76502B  
**Call for Price:** 877-805-1154

## Short Description

### FEATURES:

- Two piece zinc plated handle.
- Prevent rust with “Parkerized” pump piston, ram and extension screw.
- No leak “Uniweld” construction.
- 50% safety overload factor.
- State of the art design reduces repair time.
- Longer wear life due to internally machined oil passages, smooth bearing surfaces and close tolerances.
- Lightweight forged base provides more steel only where strength is required.
- The heavy-duty extension screw and release valve were designed to eliminate parts and reduce the chances of breakage and excessive wear.
- Safety bypass and overload systems prevent cylinder damage and prevent the jack from being used beyond the ASME/PASE load-limiting standard.

## Description

For heavy duty truck, agriculture, construction, mining, mobile home, oil field, automotive, and marine applications where lifting, pushing, spreading, bending, pressing, or straightening are required.

### FEATURES:

- Two piece zinc plated handle.
- Prevent rust with “Parkerized” pump piston, ram and extension screw.
- No leak “Uniweld” construction.
- 50% safety overload factor.
- State of the art design reduces repair time.
- Longer wear life due to internally machined oil passages, smooth bearing surfaces and close tolerances.
- Lightweight forged base provides more steel only where strength is required.
- The heavy-duty extension screw and release valve were designed to eliminate parts and reduce the chances of breakage and excessive wear.
- Safety oil by-pass system prevents the ram from being overextended and causing damage to the cylinder.

## **Specifications**

### **DIMENSIONS:**

Low Lift Height	7.125"
High Lift Height	14.5"
Stroke	4.9375"
Screw Extension	2.4375"
Base Size	3.5" x 4.125"
Carry Handle	No
Shipping Weight	6 lbs.
