# 76502B - NORCO 2 Ton Capacity Bottle Jack

**Brand:** Norco **Product Code:** NOR-76502B

**Call for Price**: 877-805-1154

Phone: 877-805-1154 - Email: parts@automotive-lift.com

# **Short Description FEATURES:**

- Two piece zinc plated handle.
- Prevent rust with "Parkerized" pump piston, ram and extension screw.
- No leak "Uniweld" construction.
- 50% safety overload factor.
- State of the art design reduces repair time.
- Longer wear life due to internally machined oil passages, smooth bearing surfaces and

close tolerances.

- Lightweight forged base provides more steel only where strength is required.
- The heavy-duty extension screw and release valve were designed to eliminate parts and reduce the chances of breakage and excessive wear.
- Safety bypass and overload systems prevent cylinder damage and prevent the jack from being used beyond the ASME/PASE load-limiting standard.

### **Description**

For heavy duty truck, agriculture, construction, mining, mobile home, oil field, automotive, and marine applications where lifting, pushing, spreading, bending, pressing, or straightening are required.

#### **FEATURES:**

- Two piece zinc plated handle.
- Prevent rust with "Parkerized" pump piston, ram and extension screw.
- No leak "Uniweld" construction.
- 50% safety overload factor.
- State of the art design reduces repair time.
- Longer wear life due to internally machined oil passages, smooth bearing surfaces and close tolerances.
- Lightweight forged base provides more steel only where strength is required.
- The heavy-duty extension screw and release valve were designed to eliminate parts and reduce the chances of breakage and excessive wear.
- Safety oil by-pass system prevents the ram from being overextended and causing damage to the cylinder.

4.9375"

## **Specifications**

Stroke

#### **DIMENSIONS:**

Low Lift Height 7.125" High Lift Height 14.5"

Screw Extension 2.4375"

Base Size 3.5" x 4.125"

Carry Handle No Shipping Weight 6 lbs.
