

Norco Brake Drum Handler 72040B

Brand: Norco
Product Code: NOR-72040C
Call for Price: 877-805-1154

Short Description

FEATURES:

- Handles 15" and 16-1/2" drums
- 35-1/2" handle for easy positioning during installation & removal
- Rotating handle provides ease of raising and lowering drum
- 8" diameter ball bearing wheels, semi-pneumatic tires and 3/4" diameter axle provide easy maneuverability and balance of drum
- Adjustable angle bracket secures both outboard and inboard mounted drums with disc wheel hubs to the drum handler's carriage.

Description

Norco Brake Drum Handler handles 15" and 16-1/2" drums and features a lift height from 10-1/4" to 15-1/4". This unit is designed for the removal, installation, and transport of outboard-mounted brake drums, as well as inboard-mounted drums with disc wheel hubs. Intended to reduce lost-time injuries, this unit includes a detachable, machine-rotating handle that allows for easy raising and lowering of the drum and for convenient storage of the unit. Ball-bearing wheels, semi-pneumatic tires, and a 3/4"-diameter axle also provide easy maneuverability and balance of the drum, while an adjustable-angle bracket secures both outboard- and inboard-mounted drums to the carriage of the handler. Norco charges a limited access fee for shipments to military bases, schools, churches, and all other gated areas, as well as charging a substantial fee for re-delivery of order, lift gate

use, and residential delivery.
