

## Rotary Grease T140072

**Brand:**  
**Product Code:** T140072

**Price:** \$35.00

### **Description**

Rotary Lift Grease in a 12.5 oz. cartridge is a multi-purpose, antiwear grease. This advanced-technology, synthetic grease is formulated to provide the maximum performance under extreme-pressure and high-temperature conditions, formulated to NLGI #2 specifications for exceptional, non-melting resistance to water-wash and high pressures. This superior-quality grease should be used for any automotive lift application where grease is required to increase performance and reduce damage caused by friction and wear, though only Rotary Grease should be used on SmartLift products. Freight is included with all Rotary Lift products shipped from the factory in Madison, IN! Sales taxes will apply in CA, CO, FL, IL, IN, KS, KY, MI, MO, OH, PA, TN, and TX. When purchased with a lift, additional discounts may be available. Please call for better pricing.
