Short Description

The Direct Lift HR8000 2-post baseplate model lift is ideal for low-ceiling applications and the best value in car lifts for home garages or repair shops.

With an overall column height of 9' 3" these car lifts are perfect for low ceiling shops and garages. Or if ceiling height isn't an issue the HR800 can lift vehicles up as high as 79" (6' 7") with the included truck adapters! The 8,000 lb capacity and a free mounting hardware (and set of truck adapters) makes this the best deal in the industry. Available in black color only.
