

## Shure Standard Tear Down/Fluid Containment Bench with Stainless Steel Top 811100

**Brand:** Shure USA  
**Product Code:** SHU-811100  
**Call for Price:** 877-805-1154

### Short Description

Shure Standard Tear Down / Fluid Containment Bench 811100, with 12-gauge stainless steel top, measures 48"W x 32"D with an adjustable height from 29" to 40". Shure's versatile and heavy-duty Tear-Down and Fluid Containment Benches ease the task of working with fluid-saturated components and assist in eliminating unsafe spills involved with working on transmissions, small engines and hydraulic systems. Tear Down benches include a heavy-duty, reinforced stainless steel top with an offset drain and a 1/2" lip on all sides, and this bench also includes a 3-gallon fluid drain pan, two stringers, all-welded legs, and four heavy-duty swivel casters with brakes. A storage drawer with optional lock is also standard on tear down bench models, and the bench's powder-coated paint finish is available in 22 Shure Signature Colors.

Color choice MUST be specified below. Click [HERE](#) to see the color options available.

Unit ships unassembled. Note: Freight charges for this product will be calculated after order is placed, and we will contact you with the amount.

Please call 800-320-8383 if freight quote is desired before ordering.
